In-House R&D Manufacturing Line

Stands & Displays

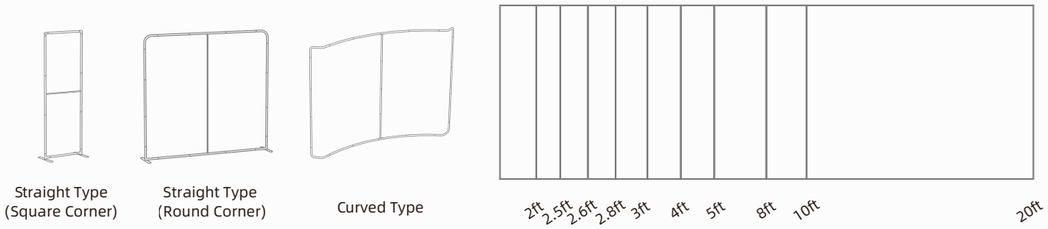
1. A novel and innovative way to grab attentions from potential customers.
2. A lightweight and portable tool used for indoor and outdoor displays.
3. Appealing shapes & multiple sizes are available for you to choose from.

Enhanced Design & Display

Stand & Displays-Tube Frame Series

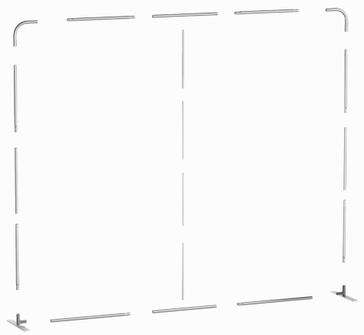
Available in Various Shapes and Sizes

Our Tube Frame Series features 3 shapes and 10 width options, ensuring a versatile selection to meet all your unique needs.



Structural Optimization

We've optimized the structure for different sizes of the tube display frames, enhancing stability. For custom orders, we further reinforce the design, including adding middle support bars for larger sizes.

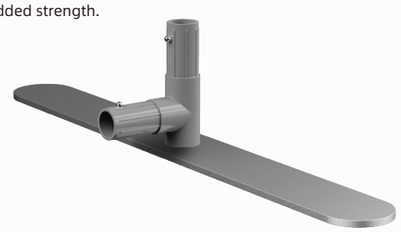


In-House Production & Storage for Easy Customization

Our in-house tube frame production line and storage facilities ensure that all customization needs are met without extending lead times or increasing costs.

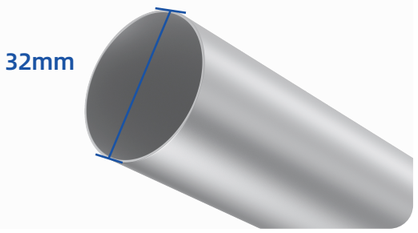
Material Upgrades

We've upgraded to higher-quality tubing and framing, increased the diameter of the round pipes, and enlarged the dimensions of the feet for added strength.



Thicker Tubing

We've increased tubing diameter from 30mm to32mm for greater strength.



Pre-connected Elastic Rope

The same group of round tubes has been connected using elastic rope, allowing for direct assembly.

Digital Identification

Group the round tubes by matching the digital identifiers and connect them using the same method.

Flat Backdrops

Elevate your event or display with our custom flat backdrops. Lightweight, durable, and easy to set up—perfect for trade shows and marketing events.

-High-quality tension fabric
-Easy to set up and transport
-Durable, wrinkle-free display
